

ROOM 10 Events!

2018 in Room 10 started with a bang! We have opened the doors between Room 9 and 10 making one big happy classroom. In our Math we have been learning about measurement, conversions, angles, pie charts and graphing.

Mr G has been putting us through our paces with lots of fun fitness such as U-Dodge, relays and interval training. For spelling, we have been completing sound waves, as for most other classrooms. For HASS (History and Social Studies), we are learning about parliament, the Queen, the Governor-General and their roles. Also, we have been learning about the history of voting.

On Thursday March 1st, Cecil Andrews College came to our school and they showcased their football and performing arts programs. We got to sing, dance and practise our footy skills. We were then given forms if we were interested or if we were already applied for another school.

On Friday March 2nd, most of the year 6's adventured down South-Western Highway to clean up the rubbish for clean-up Australia Day. There was lots of rubbish to pick up,

and we mean lots! Surprising we had lots of fun and some people found amazing things! For example chairs, bricks, beer bottles, wheels, and someone even found a Mountain Dew bottle with some of it in it!
